ACM4XX18	Certificate IV in Farriery																										
<p><b>Qualification Description</b></p> <p>This qualification provides a trade outcome in farriery. It relates to the work activities undertaken by a farrier who is engaged or employed to provide equine foot care and shoeing services. Farriers generally work autonomously taking responsibility for their own functions and outputs in a range of varied contexts that may be complex and non-routine.</p> <p>Farriers require theoretical knowledge of equine anatomy, biomechanics and pathologies and the ability to apply knowledge to technical solutions for a range of predictable and unpredictable problems. The ability to interpret and accurately communicate information to owners/carers and veterinarians concerning equine foot care and related health issues in a variety of circumstances is required.</p> <p>To achieve this qualification, the candidate must have completed at least 120 hours of work placement as detailed in the Assessment Requirements of the units of competency.</p> <p>No licensing, legislative or certification requirements apply to this qualification at the time of publication.</p>																											
<p><b>Entry Requirements</b></p> <p>There are no entry requirements for this qualification.</p>
