

Wine Operations Project

Summary of Feedback, Responses and Actions

07 February 2018

Summary

This project has included the following revisions to the *FDF Food Processing Training Package* (Release 4.1) for inclusion in Version 2.0 of the *FBP Food Beverage and Pharmaceutical Training Package* as follows:

| Component | Action | No. of Components |
|---------------------|---------------------------------------|-------------------|
| Qualifications | Redesign | 2 |
| Units of Competency | Review and update | 81 |
| Units of Competency | New | 6 |
| Units of Competency | Delete | 6 |
| Units of Competency | Supersede | 7 |
| Units of Competency | Imported from other Training Packages | 31 |
| Skill Sets | New | 8 |
| Skill Sets | Supersede | 4 |

Note: refer to the [Food & Beverage Manufacturing – Cross Sector Project](#) for reviewed and updated cross sector units of competency that are included in Wine Industry Operations qualifications.

Qualifications

| Redesigned qualification | Qualification to be superseded |
|--|--|
| FBP2xx18 Certificate II in Wine Industry Operations | FDF20411 Certificate II in Wine Industry Operations |
| FBP3xx18 Certificate III in Wine Industry Operations | FDF30411 Certificate III in Wine Industry Operations |

Skills Sets

| New Skill Sets |
|---|
| FBPSSxxxx Cellar Door Sales Skill Set |
| FBPSSxxxx Cellar Operations Hand Skill Set |
| FBPSSxxxx Seasonal Vineyard Hand Skill Set |
| FBPSSxxxx Spirit Operations Skill Set |
| FBPSSxxxx Vineyard Nursery Hand Skill Set |
| FBPSSxxxx Vineyard Operations Hand Skill Set |
| FBPSSxxxx Wine Hospitality Skill Set |
| FBPSSxxxx Bottling and Packaging Operator Skill Set |
| Skill Sets to be superseded |
| FDFSS00001 Cellar Door Sales Induction |

| |
|------------------------------------|
| FDFSS00002 Cellar Hand Induction |
| FDFSS00005 Distillation Operations |
| FDFSS00010 Hand Pruning Induction |

Consultation

In mid-2017, under direction of the *Food, Beverage and Pharmaceutical Industry Reference Committee (IRC)*, Skills Impact undertook a review of existing wine industry training and the FDF training package components.

In October 2017, Skill Impact hosted a series of subject matter expert (SME) workshops with representatives of industry, enterprises, training providers and government representatives.

The training components were reviewed based on this consultation input from mid-October to early-November. This included re-drafting qualifications, skills sets and units of competency, to bring these in line with required vocational outcomes, new technology and Government Standards for Training Packages.

Draft training package components were published on the Skills Impact website for broad consultation on 21 November 2018 and feedback was received up until 19 December 2018. During this four week period, the Skills Impact project team facilitated face-to-face workshops, teleconferences and webinars with industry, enterprises, training providers and government representatives. This included consultation in VIC, TAS, NSW, SA, QLD and WA.

Following is a summary of the issues and feedback raised during industry/public consultation, and the responses and actions taken that are related to these issues and feedback. This has involved consideration of the information provided, the views of industry stakeholders where known, and the views provided by the people who were part of the SME workshop process. Resolutions are constructed to take into account the needs and views of stakeholders to the extent possible, and to comply with the *Standards for Training Packages 2012*. The resolutions may represent a compromise on one or more stakeholder views with the aim of a workable outcome for industry, STAs and Training Providers.

Industry Engagement

The following table lists the industry, training provider, government and other participants engaged in the review to-date.

| Stakeholder | State | Organisation |
|---------------------|-------|-----------------------------|
| STA | SA | South Australian Government |
| | VIC | Victorian Government |
| Industry | NSW | Casella Family Brands |
| | QLD | Industry SME |
| | SA | Treasury Wine Estates |
| | | Henschke Wines |
| | | Yalumba Wines |
| | | Cozwine Recruitment |
| | | Cozwine Recruitment |
| | | Treasury Wine Estates |
| | | Wolf Blass |
| | | Kingston Estate Wines |
| | VIC | Shiraz Republic |
| Helen's Hill Estate | | |
| RTO | NSW | TAFE NSW |

| Stakeholder | State | Organisation |
|-------------|-------|--|
| | SA | TAFE SA |
| | | River Murray Training |
| | | Independent Institute of Food processing |
| | TAS | TasTAFE |
| | VIC | Sunraysia Institute |
| RTO | WA | TAFE WA |
| IRC | N/A | FBP AHC |

Issues identified and responses

| Stakeholder Comments and Identified Issues | | | Consideration and Proposed Resolution |
|--|-----|--|---|
| FBP2xx18 Certificate II in Wine Industry Operations | | | |
| 1. Industry & RTO | NSW | Include in Core: <ul style="list-style-type: none"> - WHS/OHS - Food Safety | Adopted. Certificate II now has these four units as Core: FBPFSY2001 Implement the food safety program and procedures FBPOPR2063 Apply quality systems and procedures FBPWHS2001 Participate in work health and safety processes FBPWIN2001 Perform effectively in a wine industry workplace |
| 2. Industry & RTO | NSW | Remove from Core as only relevant to viticulture: <ul style="list-style-type: none"> - 'Apply wine information' unit - little relevance to CES, CDS and B&P workers - suggest be an Elective. | Adopted. Removed from Core, and FBPWIN2003 Apply wine industry information to wine operations is now an Elective. |
| 3. Industry & RTO | NSW | 2 generalist Core units should be Electives and replaced with WHS and Food Safety units. | Adopted, in part, however the general induction unit FBPWIN2001 has been retained. Certificate II now has these four units as Core: FBPFSY2001 Implement the food safety program and procedures FBPOPR2063 Apply quality systems and procedures FBPWHS2001 Participate in work health and safety processes FBPWIN2001 Perform effectively in a wine industry workplace |
| 4. Industry & RTO | NSW | Include 'Handle dangerous goods' as an Elective. | Adopted. TLID2003 Handle dangerous goods/hazardous substances has been included. |
| 5. Industry & RTO | NSW | 19 units is too much for B&P-based enterprises. Only 9 B&P units plus 4 Core means the other 6 need to come from elsewhere, and only 2 available from other packages (currently proposed). | Adopted. Redesign of the Certificate II has reduced maximum units to 15. B&P sector has 11 Level 2 units, and only requires a minimum of 5 for specialisation. Further Cross Sector units have been added as Electives. These changes should resolve this issue. |

| Stakeholder Comments and Identified Issues | | | Consideration and Proposed Resolution |
|--|-----|--|---|
| FBP2xx18 Certificate II in Wine Industry Operations | | | |
| 6. RTO | NSW | Include WHS, Food Safety, QA | Adopted. Certificate II now has these four units as Core: FBPFSY2001 Implement the food safety program and procedures FBPOPR2063 Apply quality systems and procedures FBPWHS2001 Participate in work health and safety processes FBPWIN2001 Perform effectively in a wine industry workplace |
| 7. RTO | NSW | Include: FBPPPL3001 Participate in improvement processes | Not adopted for Cert II Core: FBPPPL3001 is available in Certificate III as a Core unit. |
| 8. RTO | NSW | Remove: - FBPWIN2001 Perform effectively in a wine industry workplace | Not adopted. FBPWIN2001 has been retained as a Certificate II Core because it is a broad induction unit for the industry. |
| 9. RTO | NSW | Remove: - FBPWIN2003 Apply wine industry information to wine operations | Adopted. FBPWIN2003 Apply wine industry information to wine operations is removed from Core and is now an Elective. |
| 10. RTO | NSW | Include as Core in CII units on: - WHS - Food Safety | Adopted: Certificate II now has these four units as Core that include Food Safety and WHS: FBPFSY2001 Implement the food safety program and procedures FBPOPR2063 Apply quality systems and procedures FBPWHS2001 Participate in work health and safety processes FBPWIN2001 Perform effectively in a wine industry workplace |
| 11. RTO | NSW | Include as Core in CII units: - Team work | Not adopted. 'Team work' unit is available as an Elective, and 'leading teams' is a Core at Certificate III level. |
| 12. RTO | NSW | Remove this unit from Core: - FBPWIN2001 - Perform effectively in a wine industry workplace | Not adopted. FBPWIN2001 has been retained as a Core (industry induction) unit. |

| Stakeholder Comments and Identified Issues | | | Consideration and Proposed Resolution |
|--|-----|--|---|
| FBP2xx18 Certificate II in Wine Industry Operations | | | |
| 13. RTO | NSW | Remove this unit from Core: - FBPWIN2003 - Apply wine industry information to wine operations | Adopted. FBPWIN2003 Apply wine industry information to wine operations has been removed from Core. |
| 14. RTO | NSW | Move this unit from Core to Electives: - FBPWIN2001 - Perform effectively in a wine industry workplace | Not adopted. FBPWIN2001 has been retained as Core because it provides a broad induction to the industry. |
| 15. RTO | NSW | Move this unit from Core to Electives: - FBPWIN2003 - Apply wine industry information to wine operations | Adopted. FBPWIN2003 has been moved to Electives. |
| 16. RTO | NSW | Reduce proposed units from 19 to 12-13 units. | Not adopted. Certificate II has a maximum 15 units, however, 12-13 would not allow for specialisations to be retained. |
| 17. RTO | NSW | If total of units required is 19, a B&P student cannot complete as there are only 12 suitable B&P units. | Adopted, in part. Redesign of the Certificate has resolved this problem. |
| 18. RTO | NSW | Cert II requirements for specialisation have not been met. Most of NSW TAFE industry partners are interested in sector-specific skills, especially in larger wineries (i.e. jobs are specialised). Smaller wineries expect multiskilling, but don't have the machinery for all processes. Expect poor enrolments, if not changed. | Adopted, in part. Redesign of the Certificate has resolved this problem, and sector specialisations have been restored. |
| 19. Industry | QLD | WHS/OHS unit to be in the Cert II Core | Adopted. Core now has: FBPWHS2001 Participate in work health and safety processes |
| 20. Industry | QLD | Include this unit: - TLID2010 Use a forklift | Adopted. TLID2010 Operate a forklift now in Elective bank. |

| Stakeholder Comments and Identified Issues | | | Consideration and Proposed Resolution |
|--|-----|---|--|
| FBP2xx18 Certificate II in Wine Industry Operations | | | |
| 21. Industry | QLD | Include the Cross Sector competencies in Electives (Food & Beverage Manufacturing – Cross Sector units) | Adopted. This has been done. |
| 22. Industry | QLD | Cert II should be 15 units | Adopted. Cert II has been redesigned to achieve this. |
| 23. Industry | SA | Move to Electives: <ul style="list-style-type: none"> - FBPWIN2003 Apply wine industry information to wine operations It is basically only relevant to VIT students, but maybe useful as an Elective | Adopted. FBPWIN2003 Apply wine industry information to wine operations is an Elective. |
| 24. Industry | SA | No longer applicable, an old method: <ul style="list-style-type: none"> - FBPCEL2020 Prepare and wax tanks | Not adopted. Noted, but has been retained as a Cellar Operation unit where smaller scale wineries may still apply legacy methods. |
| 25. Industry | SA | Recommended for Level 3, not Level 2: <ul style="list-style-type: none"> - FBPCEL2xx1 Operate the crossflow filtration process | Not adopted. There was no other comment on this, however, the unit could be moved to Level 3 if further advice is received during the Validation process. |
| 26. RTO | SA | Need these units in CII Core: <ul style="list-style-type: none"> - Quality Assurance - Food Safety - WHS | Adopted. Certificate II now has these four units as Core: FBPFSY2001 Implement the food safety program and procedures FBPOPR2063 Apply quality systems and procedures FBPWHS2001 Participate in work health and safety processes FBPWIN2001 Perform effectively in a wine industry workplace |
| 27. RTO | SA | Core: <ul style="list-style-type: none"> - Include WHS/OHS and Food Safety - Remove Apply wine industry information to wine operations | Adopted. Certificate II now has these four units as Core: FBPFSY2001 Implement the food safety program and procedures FBPOPR2063 Apply quality systems and procedures FBPWHS2001 Participate in work health and safety processes FBPWIN2001 Perform effectively in a wine industry workplace |

| Stakeholder Comments and Identified Issues | | | Consideration and Proposed Resolution |
|--|----|--|---|
| FBP2xx18 Certificate II in Wine Industry Operations | | | |
| 28. RTO | SA | Include as Core units: <ul style="list-style-type: none"> - WHS/OHS - Implement the food safety program and procedures | Adopted. These units have been included in Certificate II Core. |
| 29. RTO | SA | Cross Sector units (Food & Beverage Manufacturing – Cross Sector) units are missing from Electives. | Adopted. These have been added in both Certificate II and Certificate III. |
| 30. RTO | SA | Cannot reach required number of units in number of sectors. Not all companies can provide access to broad training across all sectors. | Adopted. Both qualifications have been redesigned in response to feedback, and the number of units required in each sector, for both qualifications, has been reduced to resolve this problem. |
| 31. RTO | SA | Bottling and Packaging: <ul style="list-style-type: none"> - only 11 units available at AQF 2(?) | Not adopted. The group B&P units will remain at 11; however, other B&P units can be selected as electives from other Training Packages, according to the Packaging Rules. |
| 32. RTO | SA | Cellar Door: <ul style="list-style-type: none"> - cannot complete qualification in Cellar Door as only 7 specialist units. | Adopted. Both qualifications have been redesigned in response to feedback, and the number of units required in each sector, for both qualifications, has been reduced to resolve this problem. Cross Sector Electives have also been expanded as Group F General. |
| 33. RTO | SA | Additional Elective units from Food & Beverage Manufacturing Cross Sector Project to be added. | Adopted. These have been added. |
| 34. RTO | SA | Need to bring in these units to qualification: <ul style="list-style-type: none"> - Cross Sector project - MSS/MSA units - TAE - Tourism & Hospitality | Adopted, in part. Cross sector units have been added. External training package units not directly related to functions in the Wine Industry have been omitted at this stage. |

| Stakeholder Comments and Identified Issues | | | Consideration and Proposed Resolution |
|--|----|--|--|
| FBP2xx18 Certificate II in Wine Industry Operations | | | |
| 35. RTO | SA | WHS/OHS needs to be Core at Cert II. | Adopted. Core now has: FBPWHS2001 Participate in work health and safety processes |
| 36. RTO | SA | Make sure we have these units as standalone: <ul style="list-style-type: none"> - WHS/OHS - Environmental Sustainability | Adopted. These units are now available: Core: FBPWHS2001 Participate in work health and safety processes Elective: AHCWRK209 Participate in environmentally sustainable work practices |
| 37. RTO | SA | Keep maximum units in Cert II to 17 units | Not adopted. The redesign of Certificate II in response to feedback now has the maximum units required at 15 |
| 38. RTO | SA | Proposing a Viticulture stream at CII level. Referring to Feedback proposal dated 171215 submitted to Agrifood project. | Adopted. Sector specialisations have been retained in the redesigned qualification. |
| 39. RTO | SA | Suggesting 14-15 units | Adopted, now maximum 15 units. |
| 40. RTO | SA | Suggest a return of Cert II to have enough units in each sector so specialisations can be taken at Cert II level. | Adopted. Sector specialisations have been retained in the redesigned qualification. |

| Stakeholder Comments and Identified Issues | | | Consideration and Proposed Resolution |
|--|-----|--|--|
| FBP2xx18 Certificate II in Wine Industry Operations | | | |
| 41. RTO | TAS | Keep this unit: FDFWGG2014A Operate the irrigation system | <p>Not adopted. A number of relevant Level 2 units from the AHC training package have been included to replace previous FDF units in this area.</p> <p>In addition:</p> <ol style="list-style-type: none"> 1. The only specific irrigation aspects are mentioned in the performance evidence. 2. These aspects of irrigation are covered by the AHCIRG units extensively in AQF 3 level units (325, 326, 333) 3. Industry would not support an AQF2 unit that replicated the AHCIRG units at AQF3 4. Knowledge Evidence is extensively related to vine development and management, perhaps not relevant for irrigation work at AQF2 5. Including the old unit at AQF2 will confuse students and providers, or lead to mapping between AQF2 and AQF3 units for equivalence |
| 42. RTO | TAS | Keep Cert II max units at 17 or less. | Adopted, now maximum 15 units. |
| 43. RTO | VIC | Call the Electives 'Specialised' units Also suggested for Cert III. | Not adopted. Interesting idea, but for consistency across the training package the 'Group' of Electives has been retained with a sector notation (e.g. 'Group B Cellar Door'). |

| Stakeholder Comments and Identified Issues | | | Consideration and Proposed Resolution |
|--|-----|--|--|
| FBP2xx18 Certificate II in Wine Industry Operations | | | |
| 44. RTO | VIC | Add these units to the Electives list: <ul style="list-style-type: none"> - FDFOP2003A Clean equipment in place - FDFOP2005A Work in a socially diverse environment - FDFOP2013A Apply sampling procedures - FBPOPR2016 Work in a food handling area for non-food handlers - FBPOPR2064 Provide and apply workplace information | Adopted. All these are now available in Electives: Group F General. |
| 45. RTO | VIC | Suggestion for Cert II: <ul style="list-style-type: none"> • Core (5 units) <ul style="list-style-type: none"> - Apply quality systems and processes - Perform effectively in a wine industry - Implement the food safety program and procedures - Participate in OHS processes - ??? (fifth) • Electives (13 specialised) <ul style="list-style-type: none"> - Participate in work teams and groups (to Elective) - Apply wine industry information to wine operations (to Elective) • 1 Elective from elsewhere • Total Units: 19 | Adopted. All these suggestions have been implemented with 4 Core units. Total required now is 15 units at Certificate II level. |

| Stakeholder Comments and Identified Issues | | | Consideration and Proposed Resolution |
|---|-----|---|---|
| FBP3xx18 Certificate III in Wine Industry Operations | | | |
| 46. Industry & RTO | NSW | 2 generalist Core units should be Electives and replaced with WHS and Food Safety units – AND, should not be Core at Cert II and Cert III. Only units that reflect the level included as Core. The content of the Wine Industry units is covered by most company induction programs. | Adopted, Core units at Certificate III are now: AHCWRK309 Apply environmentally sustainable work practices FBPFSY3001 Monitor the implementation of quality and food safety programs FBPPPL3001 Participate in improvement processes FBPPPL3004 Lead work teams and groups FBPWHS3001 Contribute to work health and safety processes |
| 47. Industry & RTO | NSW | Include in Core: - WHS/OHS - Food Safety | Adopted, these have been included. |
| 48. Industry & RTO | NSW | Remove from Core as only relevant to Viticulture: - 'Apply wine information' unit Little relevance to CES, CDS and B&P workers Suggest be an Elective. | Adopted. It is available as an Elective in the redesigned Certificate II. |
| 49. Industry & RTO | NSW | Remove this unit from Core to an Elective: - Lead work teams | Not adopted. FBPPPL3004 Lead work teams and groups has been retained as a Core in Certificate III. This aligns with the changing role responsibilities evident in the pathway from Certificate II to Certificate III. |
| 50. Industry & RTO | NSW | 'Set up a packaging line' is too specialised as a Core in the B&P group. Make this an Elective only. | Adopted, this is now an Elective within the Bottling & Packaging sector. |
| 51. Industry & RTO | NSW | 25 units is too much for this qualification when implemented at the enterprise level, as would need a further 6-7 units in most cases from other Training Packages, but current proposed Rules say only 2. | Adopted. Redesigned Certificate III now requires 19 units in response to feedback received. |

| Stakeholder Comments and Identified Issues | | | Consideration and Proposed Resolution |
|---|-----|---|--|
| FBP3xx18 Certificate III in Wine Industry Operations | | | |
| 52. RTO | NSW | <p>Include as Core in CII units on:</p> <ul style="list-style-type: none"> - WHS - Food Safety | <p>Adopted: Certificate II now has these four units as Core that include Food Safety and WHS: FBPFSY2001 Implement the food safety program and procedures FBPOPR2063 Apply quality systems and procedures FBPWHS2001 Participate in work health and safety processes FBPWIN2001 Perform effectively in a wine industry workplace</p> |
| 53. RTO | NSW | <p>Include as Core in CII units:</p> <ul style="list-style-type: none"> - Team work | <p>Not adopted. 'Team work' unit is available as an Elective, and 'leading teams' is a Core at Certificate III level.</p> |
| 54. RTO | NSW | <p>25 units is too many for most of the specialisations to complete.</p> <p>Cert III has a major problem with number of Electives and specialisations. For example, a cellar operations (CEL) specialisation might only have a limited number of units to complete, especially where a winery does not provide all processes. Applies to others B&P etc. also.</p> <p>May be able to complete the qualification at 25 units if individuals took additional basic units from other specialisations and/or a broader elective bank was re-introduced.</p> | <p>Adopted, in part. Redesign of the Certificate III has reduced maximum units to 19.</p> <p>Specialist sectors now only require 6 units for the specialist groups.</p> <p>Further Cross Sector units have been added as Electives.</p> <p>All this should resolve this issue.</p> |
| 55. Industry | QLD | <p>WHS/OHS unit to be in the Cert III Core</p> | <p>Adopted. FBPWHS3001 Contribute to work health and safety processes has been included.</p> |
| 56. Industry | QLD | <p>Include this unit:</p> <ul style="list-style-type: none"> - TLID2010 Use a forklift | <p>Adopted, in part. This unit is available as an Elective in Certificate II only to maintain integrity of AQF alignment.</p> |
| 57. Industry | QLD | <p>Include the Cross Sector (Food and Beverage Manufacturing) competencies in Electives.</p> | <p>Adopted. This has been done.</p> |

| Stakeholder Comments and Identified Issues | | | Consideration and Proposed Resolution |
|---|----|--|---|
| FBP3xx18 Certificate III in Wine Industry Operations | | | |
| 58. Industry | SA | Cert III – CES Sector do not make a Core: <ul style="list-style-type: none"> - Enter confined spaces | Adopted. This is now a sector Elective in Cellar Operations. |
| 59. Industry | SA | Add these as Electives: <ul style="list-style-type: none"> - assess competence - report on work performance | Adopted, in part. These have been included as Electives: TAEDEL301 Provide work skill instruction FBPPPL3002 Report on workplace performance |
| 60. Industry | SA | Add this as Elective: <ul style="list-style-type: none"> - 5s or Six Sigma entry level | Not adopted. No other requests were made for specific quality system units, so not included at this stage. |
| 61. Industry | SA | Need more clarity in Packaging Rules to ensure there is an Elective Group C (as currently) which provided for a broader selection. | Adopted. Certificate III now has an Elective 'Group F General' providing a broader selection of relevant units. |
| 62. RTO | SA | Is Cert II a requirement for Cert III entry? | Not adopted. Individuals can access either qualification directly, however, the Implementation Guide will recommend that Certificate II is a preferred pathway to Certificate III. |
| 63. RTO | SA | Need these units in Cert III Core: <ul style="list-style-type: none"> - Quality Assurance - Food Safety - WHS | Adopted. Certificate III Core has been redesigned as: AHCWRK309 Apply environmentally sustainable work practices FBPFSY3001 Monitor the implementation of quality and food safety programs FBPPPL3001 Participate in improvement processes FBPPPL3004 Lead work teams and groups FBPWHS3001 Contribute to work health and safety processes |

| Stakeholder Comments and Identified Issues | | | Consideration and Proposed Resolution |
|---|----|--|--|
| FBP3xx18 Certificate III in Wine Industry Operations | | | |
| 64. RTO | SA | <p>If direct entry to Cert III, then needs 6 Core units, including:</p> <ul style="list-style-type: none"> - Apply quality systems and processes - Participate in work teams and groups | <p>Adopted, in part. There are 5 Core units in Certificate III. The units recommended are now Core at Certificate II to maintain integrity of AQF alignment:</p> <p>FBPFSY2001 Implement the food safety program and procedures FBPOPR2063 Apply quality systems and procedures FBPWHS2001 Participate in work health and safety processes FBPWIN2001 Perform effectively in a wine industry workplace</p> |
| 65. RTO | SA | <p>Core suggested:</p> <ul style="list-style-type: none"> - Apply quality systems and processes - Implement food safety program and procedures - Participate in WHS processes - Apply environmentally sustainable work practices - Lead work teams and groups | <p>Adopted. Certificate III Core has been redesigned as:</p> <p>AHCWRK309 Apply environmentally sustainable work practices FBPFSY3001 Monitor the implementation of quality and food safety programs FBPPPL3001 Participate in improvement processes FBPPPL3004 Lead work teams and groups FBPWHS3001 Contribute to work health and safety processes</p> <p>Most of the suggested units are at Level 2 and now found in the Certificate II only.</p> |
| 66. RTO | SA | <p>CDS – cannot complete qualification in CDS as only 11 specialist units, will have to take other units, but not relevant if only working in Cellar Door.</p> | <p>Adopted, in part. Redesign of the Certificate III has reduced maximum units to 19. CDS sector has 10 Level 3 units, and only requires a minimum of 6 for specialisation. Further Cross Sector units have been added as Electives. All this should resolve this issue.</p> |
| 67. RTO | SA | <p>B&P – same comments re specialisation when working in B&P</p> | <p>Adopted, in part. Redesign of the Certificate III has reduced maximum units to 19. B&P sector has 8 Level 3 units, and only requires a minimum of 6 for specialisation. Further Cross Sector units have been added as Electives. All this should resolve this issue.</p> |

| Stakeholder Comments and Identified Issues | | | Consideration and Proposed Resolution |
|---|----|--|--|
| FBP3xx18 Certificate III in Wine Industry Operations | | | |
| 68. RTO | SA | CEL – students will struggle to get the full number of units because Elective options have been reduced and Core is proposed as less as well. | Adopted, in part. Redesign of the Certificate III has reduced maximum units to 19. CEL sector has 14 Level 3 units, and only requires a minimum of 6 for specialisation. Further Cross Sector units have been added as Electives. All this should resolve this issue. |
| 69. RTO | SA | CEL – missing these units: <ul style="list-style-type: none"> - Apply sampling - Clean in place - Dangerous goods | Adopted, in part. All these units have been added as Electives at Certificate II to maintain integrity of AQF alignment: FBPOPR2003 (Clean in place) FBPOPR2013 (Apply sampling) TLID2003 (Dangerous goods) They are available at Certificate II when taken as one of the ‘up to 2’ units from other endorsed training package or accredited course. |
| 70. RTO | SA | Sector specialisations number of units: Previous qual had equal number of units, proposed varies. Would make more sense to have the same. | Adopted. This has been standardised at Certificate II (5 required) and Certificate III (6 required). |
| 71. RTO | SA | Cross Sector units (Food and Beverage Manufacturing) units are missing from Electives. | Adopted. These have been added as part of the redesign. |
| 72. RTO | SA | Need to bring in these units to qualification: <ul style="list-style-type: none"> - Cross Sector project - MSS.MSA units - TAE - Tourism & Hospitality | Adopted, in part. Cross Sector units have been added. External training package units not directly related to functions in the Wine Industry have been omitted, at this stage. TAEDEL301 Provide work skill instruction has been included. |
| 73. RTO | SA | Agree that Cert III should be 25 units. | Not adopted. Noted, however, Cert III has been reduced to 19 units as part of the redesign. |

| Stakeholder Comments and Identified Issues | | | Consideration and Proposed Resolution |
|---|-----|---|---|
| FBP3xx18 Certificate III in Wine Industry Operations | | | |
| 74. RTO | SA | Referring only to VIT. Referring to Feedback proposal dated 171215 submitted to Agrifood project. | Pending. Need further information on this before it can be considered. (Stakeholder contacted.) |
| 75. RTO | SA | Sector specialisation Elective groups should be changed as follows: <ul style="list-style-type: none"> - B&P – 17 required from sector units - CES – 29 required from sector units - CDS – 11 required from sector units Referring to Feedback proposal dated 171215 submitted to Agrifood project. | Pending. Need further information on this before it can be considered. (Stakeholder contacted.) The redesign of the Certificates has reduced the overall number of units required, both for the full qualification and at each sector specialisation. |
| 76. RTO | TAS | When listing sector specialisation Elective group, put them in order of the work in the industry; e.g. VIT, CEL, LAB, B&P, CDS | Not adopted. Good suggestion, however alphabetical listings are being maintained at this stage for consistency across industry training packages. |
| 77. RTO | VIC | Suggest the following 7 units as Core in Cert III: <ul style="list-style-type: none"> - FDFFS2001A Implement the food safety program and procedures - FDFOHS2001A Participate in OHS processes - FDFOHS3001A Contribute to OHS processes - FDFOP2063A Apply quality systems and procedures - FDFOP2004A Clean and sanitise equipment - FBPWIN2001 Perform effectively in a wine industry workplace - FDFOP2030A Operate a process control interface | Not adopted. Certificate II units are now found primarily at Certificate II and not III, to maintain the AQF alignment. The Certificate III Core units now proposed in response to feedback are: AHCWRK309 Apply environmentally sustainable work practices FBPFSY3001 Monitor the implementation of quality and food safety programs FBPPPL3001 Participate in improvement processes FBPPPL3004 Lead work teams and groups FBPWHS3001 Contribute to work health and safety processes |

| FBP3xx18 Certificate III in Wine Industry Operations | | | |
| 79. RTO | VIC | Suggests for Cert III: <ul style="list-style-type: none"> - 7 Core Units - 15 Specialised - 3 Electives | Not adopted. Redesigned Certificate III, now has 19 units required: <ul style="list-style-type: none"> - 5 Core - 14 Electives Specialisation sectors require minimum 6 units. It should also be noted that to maintain the integrity of the AQF alignment, most Level 2 units are no longer available at Level 3. |

| Stakeholders Comments and Identified Issues | | | Consideration and Proposed Resolution |
|---|-----|---|---|
| Skill Sets | | | |
| 80. RTO | NSW | FBPSSxxxx Cellar Operations Skills Set FBPSSxxxx Seasonal Vineyard Hand Skill Set <ul style="list-style-type: none"> - Replace FBPWIN2001 with 'Participate in WHS' | Not adopted. The Skill Set provides entry level induction outside the full qualification. The WHS unit is a Core in the qualification and WHS is also covered in every other unit in the wine sector. FBPWIN2001 provides essential skills and knowledge to work in the industry. |
| 81. RTO | NSW | Remove from Skill Sets: FBPWIN2001 - Perform effectively in a wine industry workplace. | Not adopted. The Skill Set provides entry level induction outside the full qualification. FBPWIN2001 provides essential skills and knowledge to work in the industry. |
| 82. RTO | NSW | Include in Skill Sets: WHS unit | Not adopted. The WHS unit is a Core in the qualification and WHS is also covered in every other unit in the wine sector. |
| 83. Industry | QLD | FBPSSxxxx Cellar Operations Hand Skill Set Include 'Clean and sanitise' | Adopted. FBPOPR2004 Clean and sanitise equipment added to the Skill Set. |

| Stakeholders Comments and Identified Issues | | | Consideration and Proposed Resolution |
|---|-----|---|---|
| Skill Sets | | | |
| 84. RTO | SA | FBPSSxxxx Wine Appreciation Skill Set: - change name so doesn't sound like a 'lifestyle' course. | Adopted. Changed name to 'Wine Hospitality Skill Set' as the Skill Set is about evaluating wine and delivering tastings/events. |
| 85. RTO | SA | Add a Skill Set in Bottling and Packaging. | Adopted. FBPSSxxxx Bottling and Packaging Operator Skill Set has been developed and added. |
| 86. RTO | SA | Change name of Skill Set for Wine Appreciation to Wine Evaluation. | Adopted name change, however, as the skill set covers both wine evaluation and holding tastings/events, the name has been updated to: Wine Hospitality Skill Set |
| 87. RTO | VIC | FBPSSxxxx Cellar Operations Hand Skill Set Remove: Confined space, either not done or use contractors Include: Clean and sanitise | Adopted, in part. Received other feedback also that confined space, whilst important, is not always required and may depend on the individual workplace. MSMPER205 Enter confined space removed. FBPOPR2004 Clean and sanitise equipment added per previous feedback. |

| Stakeholder Comments and Identified Issues | | | Consideration and Proposed Resolution |
|--|-----|--|--|
| Units | | | |
| 88. RTO | NSW | In VIT units, ensure that the following is not included in knowledge as these are at degree level: - remove species vitus vinefera, hybrids, scion, rootstock, genus, phloem, xylem etc | Not adopted. The VIT units are about work performance at AQF 2 and 3 only. Knowledge about these or other aspects has a focus on awareness and recognition only. |
| 89. Industry | QLD | Add knowledge/performance in relation to financial services. | Not adopted. The unit is focused on selling rather than financial transactions, and the Foundation Skills specify numerical requirements. |
