Have your say on future skills needs

Join us to discuss the current and future skills and workforce needs of the fishing and aquaculture industry. Help us tell the real story of the value of the industry and the challenges that should be met by new national skills standards, training and certification.

Facilitator

Michelle Ingley-Smith, Industry Engagement Manager at Skills Impact, will gather your thoughts on current and future skills needs, challenges and opportunities, such as training to address licensing requirements and resource sustainability.

Speakers

Johnathon Davey, Chair of the Aquaculture and Wild Catch Industry Reference Committee (IRC) will speak about the role of the IRC to support the industry. Helen Jenkins, Aquatic Biosecurity Liaison Officer at Animal Health Australia and Member of the Aquaculture and Wild Catch IRC, will speak about the results of a recent northern Australian aquaculture industry biosecurity survey.

Celebrating 50 years of WAFIC

This event is being held in the lead up to the WA Fishing Industry Council's (WAFIC) golden jubilee celebration that evening. WAFIC will host a cocktail-style event, reflecting on the history of these industries and the people who have played a role. It will include a seafood feast prepared by renown chef, Don Hancey, in collaboration with EFYC head chef David Yang, paired with a selection of top Western Australian wines and drinks.
