ACMSS0000X3	Large Animal Incident Induction Skill Set

Modification History

Release	Comments
Release 1	This version released with ACM Animal Care and Management Training Package Version 3.0.

Description
This skill set reflects the work required to contribute to safety at incidents involving large animals at workplaces, event sites or in other situations. It provides an introduction to large animal behaviours, safety, situational awareness, and incident management processes.

Pathways Information
This unit of competency build on skills and knowledge in a range of ACM Animal Care and Management qualifications.

Licensing/Regulatory Information
No occupational licensing or regulatory requirements apply to this skill set at the time of publication.

Skill Set Requirements
- ACMAIMXX1 Complete induction for incidents involving large animals

Target Group
This skill set is for individuals requiring an induction to safety and large animal behaviours relating to potential incidents at their workplace or event site.

Suggested words for Statement of Attainment
These competencies from the ACM Animal Care and Management Training Package meet the industry requirements for a large animal incident induction program.
