Present at the meeting were members and guests including several representatives from State and Territory ITABs/ITACs.

AHC Training Package Review Approach

The purpose of this conference call was for the IRC to deliberate on the proposed review of the entire AHC Training Package by industry sector rather than by qualification. The industry sector approach is currently being used in the Sports Turf Project and a Skills Impact staff member and IRC member spoke to its effectiveness.

The IRC unanimously supported the proposal to review the AHC Training Package by sector.
