AMPGAM3X3	Use firearms to safely and humanely harvest wild game
Application	<p>This unit describes the skills and knowledge required to harvest animals humanely following animal welfare standards.</p> <p>This unit applies to individuals who harvest wild game in the field.</p> <p>All work must be carried out to comply with workplace procedures, in accordance with state/territory health and safety, animal welfare regulations, legislation and standards that apply to the workplace.</p> <p>Individuals undertaking this unit must hold a current firearms/shooters licence. Other legislative and regulatory requirements also apply to wild game harvesting and are enforced through state/territory jurisdictions. Users must check with the relevant regulatory authority before delivery.</p>
Prerequisite Unit	Nil
Unit Sector	Wild Game (GAM)

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Plan harvesting of wild game animals	<p>1.1 Confirm anatomy and physical features of target animal, including location of vulnerable organs of target animal</p> <p>1.2 Identify location of habitats, habits and range of movements of target animal</p> <p>1.3 Determine timing of the harvest based on the activity patterns of the target animal</p> <p>1.4 Identify hazards associated with the harvest and control risks in accordance with workplace health and safety standards</p> <p>1.5 Identify environmental and public safety risks associated with the harvest are identified</p> <p>1.6 Identify animal welfare guidelines and ensure they are followed during harvest</p>
2. Prepare for the harvesting operations	<p>2.1 Determine location and boundaries for the harvest in accordance with the animal management plan</p> <p>2.2 Check time and duration of the harvest and notify relevant personnel, where required</p> <p>2.3 Take precautions to minimise hazards and risks associated with the harvest in accordance with workplace health and safety standards</p> <p>2.4 Take precautions to minimise environmental risks associated with the harvest</p> <p>2.5 Confirm firearm licences, harvesting permits or exemptions as current in accordance with statutory requirements</p> <p>2.6 Select firearm and ammunition types to comply with those recommended for the target animal in accordance with regulatory requirements and animal ethics guidelines</p> <p>2.7 Zero and test-fire firearm in accordance with industry practice</p> <p>2.8 Stow firearm unloaded and in safety mode for transport</p>

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
3. Harvest animals	3.1 Use personal protective equipment (PPE) in accordance with workplace health and safety standards and statutory requirements 3.2 Carry firearm safely with muzzle pointing in safe direction at all times in accordance with statutory requirements and industry practice 3.3 Load, discharge and unload firearm safely in accordance with regulatory requirements 3.4 Inspect target animal pre-harvest for suitability 3.5 Aim firearm at vulnerable sites on the animal according to target species 3.6 Kill each target animal using a minimum of shots 3.7 Check each target animal to ensure it is dead prior to selecting the next target animal 3.8 Cleanly destroy target animals that have not been killed in a humane manner in accordance with animal welfare regulations and statutory requirements 3.9 Bleed carcasses in accordance with industry practice
4. Euthanise dependent young	4.1 Check if target animal has dependent young 4.2 Kill dependent young in a humane manner, in accordance with animal welfare regulations and statutory requirements 4.3 Check each dependent young to ensure it is dead prior to selecting the next target animal
5. Clean and store equipment and material	5.1 Maintain and store firearms in accordance with manufacturer instructions and statutory requirements 5.2 Store ammunition in accordance with statutory requirements 5.3 Complete records according to workplace requirements

Foundation Skills	
<i>This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.</i>	
Skill	Description
Reading	<ul style="list-style-type: none"> Interpret regulatory and licensing requirements, codes of practice
