## Units of competency with prerequisite requirements

Prerequisite requirements are listed in the unit of competency. In some cases, a chain of pre-requisites applies to a particular unit, for example, Unit A has Unit B as a prerequisite, but Unit B has Unit C as its prerequisite.

The following example shows the format used for prerequisite requirements in units of competency in this training package, using *AHCLSK218 Ride educated horses to carry out basic stock work* as an example.

The prerequisite units of competency for this unit are:	
<ul style="list-style-type: none"> <li>▪ ACMEQU202 Handle horses safely</li> <li>▪ ACMEQU206 Perform horse riding skills at walk, trot and canter.</li> </ul>	
Note the following chain of prerequisites that also applies to this unit.	
Unit of competency	Prerequisite requirement
ACMEQU202 Handle horses safely	ACMEQU205 Apply knowledge of horse behaviour
ACMEQU206 Perform horse riding skills at walk, trot and canter	ACMEQU202 Handle horses safely

The following table lists those *AHC* units of competency with prerequisite units of competency. Note that if a chain of prerequisites applies, then these are shown in bracketed text in the 'Prerequisite unit code and title' column.
