

Skills Standards Development Program

What Is Our Role?

The Australian Industry and Skills Committee (AISC) appoints Industry Reference Committees (IRCs) to oversee the development and review of training packages (qualifications, skill sets and units).

Skills Impact is contracted by the Commonwealth to support 12 IRCs.

Gaps and emerging skill needs are identified by Industry Reference Committees and industry.

Skills Impact captures this in Skills Forecasts.

Skills Impact submits IRC Skills Forecasts, Cases for Change, and projects to the AISC for approval.

The AISC determines the national schedule of review and development projects.

Skills Impact is contracted to carry out projects.

Qualifications, skill sets and units are reviewed and developed in consultation with subject matter experts and stakeholders, to meet current and future industry needs.

Skills Impact submits the work to the AISC.

Revised qualifications, skill sets and units are endorsed by the AISC and made publicly available at training.gov.au
