

## 21-10 Flour Milling – Mapping summary

### Qualifications

(Note: Components 'X' included in code will be updated at the end of the project.)

Previous qualification code	Previous qualification title	New qualification code	New qualification title	Notes
FBP40117	Certificate IV in Flour Milling			Recommended for removal from national register
		FBP3X120	Certificate III in Food Processing	Optional milling specialisation added to this qualification: FBP3X120 Certificate III in Food Processing (Milling)

### Units of competency

(Note: Units in shaded rows were also included in FBP Food Processing project. Red text notes changes to unit codes/titles.)

Previous unit code	Previous unit title	New unit code	New unit code		Changes/notes
FBPGRA2002	Recognise mill operations and technologies				Recommend for removal from national register
FBPGRA2003	Operate a grain conditioning process	FBPGRA3XX2	Operate <b>and monitor</b> a grain conditioning process	E	Unit title updated to include 'monitoring' AQF level in code updated to better match complexity of work task Minor change to unit Application Minor changes to Performance Criteria 1.1, 1.2, 1.3, 2.1, 2.2, 2.3, 2.6, 2.7, 2.8 Order of PCs in Element 1 changed PC 1.6 removed, PC 3.4 added Foundation skills refined CSfW information removed Performance Evidence clarified Minor changes to Knowledge Evidence to clarify requirements and Assessment Conditions

FBPGRA2004	Operate a grain cleaning process	FBPGRA3XX3	Operate <b>and monitor</b> a grain cleaning process	E	Unit title updated to include 'monitoring' AQF level in code updated to better match complexity of work task Minor change to unit Application Minor changes to Performance Criteria 1.1, 1.2, 1.3, 2.1, 2.2, 2.3, 2.6, 2.7, 2.8 Order of PCs in Element 1 changed PC 1.7 removed, PC 3.4 added Foundation skills refined CSfW information removed Performance Evidence clarified Minor changes to Knowledge Evidence to clarify requirements and Assessment Conditions
FBPGRA2005	Operate a purification process	FBPGRA3XX9	<b>Monitor</b> a purification process	E	Unit title updated – 'Operate' replaced with 'Monitor' AQF level in code updated to better match complexity of work task Minor change to unit Application to specify context Minor changes to Performance Criteria 1.3, 1.5, 2.1, 2.2, 2.3, 2.4, 2.6, 2.7 and wording of Element 2 PC 1.6 removed, PC 3.4 added Foundation skills refined CSfW information removed Performance Evidence clarified Minor changes to Knowledge Evidence to clarify requirements and Assessment Conditions
FBPGRA2006	Operate a scalping and grading process	FBPGRA3XX6	Operate <b>and monitor</b> a sifting and grading process	E	Unit title updated to include 'monitoring' and 'scalping' changed to 'sifting' AQF level in code updated to better match complexity of work task Minor change to unit Application Minor changes to Performance Criteria 1.1, 1.2, 1.3, 2.1, 2.2, 2.3, 2.6, 2.7 Order of PCs in Element 2 changed PC 1.6 removed, PC 3.4 added Foundation skills refined CSfW information removed Performance Evidence clarified Minor changes to Knowledge Evidence to clarify requirements and Assessment Conditions
FBPGRA2007	Operate a scratch and	FBPGRA3X10	<b>Monitor</b> a scratch and		Unit title updated – 'Operate' replaced with 'Monitor' AQF level in code updated to better match complexity of work task Minor change to unit Application to specify context

	sizing process		sizing process		Minor changes to Performance Criteria 1.3, 1.5, 2.1, 2.2, 2.3, 2.4, 2.6, 2.7 and wording of Element 2 PC 1.6 removed, PC 3.4 added Foundation skills refined CSfW information removed Performance Evidence clarified Minor changes to Knowledge Evidence to clarify requirements and Assessment Conditions
FBPGRA2008	Operate a break roll process	FBPGRA3X11	Monitor a break roll process		Unit title updated – ‘Operate’ replaced with ‘Monitor’ AQF level in code updated to better match complexity of work task Minor change to unit Application to specify context Minor changes to Performance Criteria 1.2, 1.3, 1.5, 2.1, 2.2, 2.3, 2.4, 2.6, 2.7 and wording of Element 2 PC 1.6 removed, PC 3.4 added Foundation skills refined CSfW information removed Performance Evidence clarified Minor changes to Knowledge Evidence to clarify requirements and Assessment Conditions
FBPGRA2010	Handle grain in a storage area	FBPGRA3XX4	Receive and handle grain in a storage area	E	Unit title updated to include ‘Receiving grain’ AQF level in code updated to better match complexity of work task Minor change to unit Application Element 1 added, PC 2.3 added Order of PCs in Element 2 and 3 changed, PC 1.7 and 3.11 added Foundation skills refined CSfW information removed Performance Evidence clarified Minor changes to Knowledge Evidence to clarify requirements and Assessment Conditions
FBPGRA3003	Lead flour milling shift operations				Recommend for removal from national register
FBPGRA3004	Control mill processes and performance				Recommend for removal from national register

FBPGRA4001	Control power and automation for milling processes				Recommend for removal from national register
FBPGRA4002	Supervise testing processes for wheat and flour				Recommend for removal from national register
FBPGRA4003	Manage mill logistics and support services				Recommend for removal from national register
FBPGRA4004	Establish and supervise dust control procedures in a grain processing enterprise				Recommend for removal from national register

### Skill sets

Skill set code	Skill set title	Notes
FBPSSXXX05	Supervised Food Processing Operator Skill Set	New skill set. Recommended through feedback on FBP Food Processing project to meet the needs of skilled workers transitioning into food processing (particularly in COVID-19 times).
FBPSSXXX06	Food Processing Operator Skill Set	New skill set. Recommended through feedback on FBP Food Processing project to meet the needs of skilled workers transitioning into food processing (particularly in COVID-19 times).
